**RE: Precautionary Drinking Water Advisory for Hamlet of Garrick - Rescinded**

Attention Waterworks Owner/Operator:

The Water Security Agency (WSA) is satisfied with the negative bacteriological sampling, adequate disinfection residuals and/or turbidity values from samples that have been collected from the water distribution system following the June 6, 2022 water main break and depressurization. Therefore, effective immediately, the WSA is rescinding the Precautionary Drinking Water Advisory for the residents and users of the Hamlet of Garrick water supply.

For further information please do not hesitate to contact the undersigned at 1-306-961-8448 or [Kerry.desjarlais@wsask.ca](mailto:Kerry.desjarlais@wsask.ca).

Sincerely,

A handwritten signature in black ink, appearing to read "Kerry Desjarlais".
